Annual Report

2021-2022

July 1-June 30

Our belief is simple: No abuse is okay. For over 41 years, with this as our guide, we are focused on helping individuals and families break free of relationships riddled with fear and violence, and discover confidence, resilience, and hope. With each family, we listen, learn, and adapt to meet the unique needs of those impacted by domestic violence.

As the first domestic violence organization in the nation to be certified with Trauma Institute International as a Certified Trauma Informed Organization, Chrysalis is leading the way to transform how the community views domestic violence and serves survivors and their families.

Rated "Exceptional"
